There are very few things in life that live up to their hype, and even fewer things that exceed the hype. Our trip last week exceeded the hype! You guys do it right all the way around. I won't go on and on here, but your personal service was exceptional. Words don't do justice to how relaxing it was to have everything all set up, being driven around and not worrying, and all the personal touches. I'll end by saying a very heartfelt thank you. You guys are a class act and wonderful hosts and I hope to be able to come back soon – *Phil Warner*

Thanks for all your efforts and personal attention, which both Janet and I really appreciated, especially Graeme taking time out of a hectic schedule to come to Kingsbarns to say hello. I shall sing the praises of St Andrews Golf Travel to friends back at our club and will recommend you to anyone looking to visit the Home of Golf. You don't often find such good levels of service and your efforts deserve to be rewarded. Thanks for all your help turning a gem of an idea into a wonderful reality – *Dave Mercer*

Can't believe that it was two weeks ago today that we left the magic kingdom and what was the best time we ever had as a father and son, behind (and a little piece of our hearts.). St. Andrews is not only a very beautiful and famous place, but there is also such a sincere hospitality and ease with all of its inhabitants that one immediately feels pulled in and enthralled by it all. We feel very lucky and blessed to have gotten to know you and for all you were so effortlessly able to do for us during our trip. We will have no hesitation in recommending your services and hope to be able to come on another one of your trips in the very near future – *Ken Corday*
